

PRADIP PADAI

Recruitment / Talent Acquisition Operations Specialist

padaipaddy@gmail.com | +91 95748 21732 | Ahmedabad, Gujarat, India | linkedin.com/in/pradippadai-7664951b6

PROFESSIONAL SUMMARY

Results-driven Recruitment and Talent Acquisition professional with 4+ years of experience managing full-cycle recruitment operations across UK Education, Primary Care, and global Aviation sectors. Proven ability to handle high-volume candidate pipelines, drive end-to-end talent acquisition processes, and deliver consistently against targets in fast-paced, multi-stakeholder environments. Adept at stakeholder management, process optimisation, business development, and compliance — with a strong track record of taking ownership, solving problems independently, and operating beyond remit to drive business outcomes. Multilingual in English, Hindi, and Gujarati. Increasingly leveraging AI tools to enhance sourcing quality and operational efficiency.

CORE COMPETENCIES

- End-to-End Talent Acquisition
- Stakeholder & Client Management
- Business Development & Lead Generation
- Candidate Sourcing & Pipeline Management
- Recruitment Compliance & Documentation
- Process Improvement & Optimisation
- Screening, Assessment & Onboarding
- CRM, ATS & MIS Reporting
- AI-Assisted Sourcing & Outreach

PROFESSIONAL EXPERIENCE

Senior Business Development Consultant | RPO Arena (Aristo Global Private Limited), Ahmedabad, India July 2026 – August 2026

- Operated with minimal onshore support from day one — independently built AI-assisted outreach frameworks, acquired Primary Care sector knowledge rapidly, and advanced a prospect to agreement signing stage within the first month.
- Generated 401 outreach touchpoints across UK GP surgeries and Primary Care providers — demonstrating high-quality talent acquisition and BD delivery without direct onshore supervision.
- Maintained structured CRM pipeline documentation — giving onshore stakeholders complete real-time visibility and reducing their administrative burden significantly.

Senior Compliance Officer – Recruitment Operations & Assurance | QX Global Group, Ahmedabad, India June 2025 – June 2026

- Managed end-to-end candidate compliance and verification across global markets including UK, Europe, Middle East, Africa, Asia, and Russia — enabling onshore consultants to focus on talent acquisition and client strategy.
- Identified a critical process gap and independently created compliance documentation from scratch — unblocking candidate deployment and preventing operational delays without escalation.
- Standardised verification and onboarding workflows across a high-volume, multi-jurisdictional operation — reducing error rates and improving candidate turnaround times while maintaining full audit readiness.

Senior Recruitment Consultant – Talent Acquisition & BD | CareMint Recruitment Ltd., United Kingdom (Remote/Offshore) June 2024 – April 2025

- Managed full-cycle talent acquisition for UK Education clients — sourcing, screening, compliance processing, and onboarding candidates across schools, nurseries, and sixth form colleges.
- When the agency's primary vacancy supply was disrupted, independently pivoted to business development — generating approximately 1,500+ outreach touchpoints across Education, Logistics, and Transportation to sustain operations and rebuild the client pipeline.

- Delivered fully compliant, deployment-ready candidates — managing DBS checks, safeguarding verification, and onboarding end-to-end, eliminating compliance risk at every placement stage.

Senior Recruitment Consultant | [Morgan Hunt, United Kingdom \(via IMS People Possible — Offshore RPO\)](#) *May 2022 – June 2024*

- Managed end-to-end talent acquisition for SEN support roles across UK Further Education colleges — sourcing, screening, compliance vetting, and onboarding — enabling the onshore consultant to focus exclusively on client development and business growth.
- Proactively built compliant candidate pools ahead of scheduled client visits — ensuring the onshore team always had deployment-ready talent available to present, strengthening the agency's reputation with educational institutions.
- Self-initiated targeted recruitment outreach between visit cycles — reactivating dormant CRM accounts and prospecting new institutions, creating a continuous pipeline of warm opportunities for the onshore team to convert.

Achievement: "Champion of the Month" (Two-Time Recipient) — recognised for outstanding talent acquisition delivery and client engagement.

Relationship Executive | [LifeCell International Pvt. Ltd., India](#) *Aug 2021 – Oct 2021*

- Managed client relationships and service delivery, ensuring high-satisfaction account management and documentation consistency.

Medical Data Analyst | [ezDI Solution, Ahmedabad, India](#) *Feb 2020 – Apr 2020*

- Validated complex healthcare datasets against stringent quality and accuracy standards in a fast-paced data environment.

EDUCATION

Bachelor of Science – Biotechnology *June 2018 – May 2021*
Ganpat University, Gujarat, India
